

# BROSELEY YORK MIDI 5kW

*Highly efficient traditional styled multi fuel stove from this British family-run company with nearly four decades in stove manufacturing.*

*The*  
**STOVE HOUSE**  
.com

At 76% efficiency the best-selling 5kW multi fuel Broseley York Midi represents great all-round performance and value for money.

This fine stove features highly controllable primary air and pre-heated secondary air-wash stylishly contained within a superb quality cast iron body (150mm / 6" deeper than its sister Petite model).

- EN13240 CE approved
- 76.2% efficiency
- Secondary burn and air-wash system
- Choice of black or brass door furniture and controls
- Optional window lattice work, please ask for details
- Easily removable cast iron fire bricks and throat baffle – no bolted fixings.
- Top or rear fitting flue outlets
- All multi fuel components incorporated – no additional parts required
- Separate ash pan chamber

The Broseley York Midi will not only serve you well, but will do so with the minimum of maintenance and maximum efficiency and will add beauty and warmth to your home for many, many years to come.

York Midi model shown here with Lattice window, plain door option also available

**IMPORTANT NOTE:** To ensure that your new appliance is installed and operating correctly, The Stove House strongly recommends that customers use a HETAS registered installer, which is our industry's equivalent of CORGI. Most installations of wood burning and multi fuel stoves and systems are subject to the requirements of Building Regulations and by law are notifiable to the Local Authority in your area. HETAS registered installers can self-certificate their work thus avoiding the need for costly and time consuming Building Notice applications to the local Building Control Department.

*Open Monday to Friday 9.30 – 5.30 & Saturday 9.30 – 1.00 Closed Sunday*
